Interest Area Brochures

You can now order our 2017 Interest Area Brochures. They will be available in two lots:

June 1: Computing, Games and IT, Education and Teaching, Communication and Digital Media, Science, Engineering

July 6: Art, Design and Architecture, Fashion and Textiles, Business, Building, Construction and Planning, Health and Medical Sciences, International and Community Services, Justice and Legal

Place your order [here](#) and we will send them out as soon as they are printed.

My Career Match

We have recently updated the RMIT My Career Match profiles.

An online tool where students fill out a personality questionnaire and they are sent a comprehensive career profile detailing traits and strengths of their personality type, suitable career paths, and links to relevant program pages.

My Career Match provides real value in helping students figure out what careers could be best suited to them. These profiles also act as a powerful tool for school Career Advisers to help inform meaningful conversations about potential study and career paths.

Students just need to enter some details and then it only takes around 15 minutes to complete the online questionnaire. Once they complete the questionnaire their Career Profile report will be sent as a PDF to their email.

Test it out [here](#)

Access code: RMIT:180

If you feel that these profiles would be useful for you and your students please contact RMIT Student Recruitment on 03 9925 2555 or student.recruitment@mit.edu.au

Folio Preparation Courses

RMIT's portfolio preparation and career discovery courses are designed to help students create a winning portfolio to apply for university.

These types of courses also provide an overview of the industry, the study options available and the selection procedures.

Folio preparation course guides can be ordered [here](#). Or call 03 9925 8111

VCE Extend

VCE Extend at RMIT allows high achieving Year 12 students to get a head start at university by offering fully accredited VCE extension studies.

In 2017 students will be able to choose from an exciting range of subjects:

- Computer Science
- Economics*
- Engineering
- Environmental Science
- Geospatial Science and Surveying
- International Studies and Development*
- Landscape Architecture*
- Marketing and Management*
- Calculus and Analysis
- Discrete Mathematics, Puzzles and Problem Solving*
- Project Management
- Psychology*
- Nursing*
- Science
- Statistics and Data Analysis*
- Sustainability and Urban Planning*

Our offerings are taught in state of the art facilities and count towards a student's VCE and ATAR. They also have [no application or HECS fees](#).

Regional students? Our Science, Computer Science, Math: Discrete Mathematics*, Nursing* and Environmental Science offerings are all available online - making extension studies accessible to all VCE students.

For more info click [here](#)

Or email hes.vce@rmit.edu.au

Applications for 2017 open 14 August 2016.

**New in 2017 - currently undergoing VCAA accreditation*

Science in the City Lab Tour

Curious about science at RMIT? Students, parents and teachers are invited to visit our state-of-the-art laboratories to learn more about RMIT courses and the research and training facilities available to students.

Find out more about the wide range of single and double degree science courses available at our city campus.

Event date: 27 June 11:00am-2:00pm

For more info or to register click [here](#)

Science Postcards

We have class packs (25 postcards per pack) of our science postcards available for ordering. Take your pick of the following varieties:

- Animal and plant cell (biology)
- Periodic table (chemistry)
- Maths cheat sheet
- Electromagnetic spectrum (physics)

To order a pack for your school, please email claire.farrugia@rmit.edu.au with the number of packs you would like, please also include your school name and address.

New double degree in Chemical Engineering and Pharmaceutical Sciences

From Semester 1, 2017, RMIT will be offering a double degree in Chemical Engineering and Pharmaceutical Sciences.

The four year degree will be offered across the City and Bundoora campuses.

For more info click [here](#)

Medical Laboratory Visits

RMIT in collaboration with research laboratories is giving year 10, 11 and 12 students the chance to visit medical laboratories across metropolitan Melbourne and regional Victoria. Students who are interested in the role of a Medical Scientist during the investigation, diagnosis and treatment of diseases are encouraged to attend.

Event date: 4-8 July 9.00am-5.00pm

For more info or to register [visit](#)
