Northgate Australian Ventures Corp P/L is a multi-national company that operates the Fosterville and Stawell Gold Mines in Central Victoria. The Fosterville Gold Mine is a medium sized underground mining operation which requires the services of a dedicated Graduate Mine Surveyor.

The Fosterville Gold Mine is located approximately 20 kilometres east of Bendigo in Central Victoria. Bendigo, with its population of approx 100,000 people is one of Victoria’s largest and fastest growing rural cities and offers a great family friendly lifestyle.

GRADUATE MINE SURVEYOR

Primary Objective:
- Reporting to the Senior Mine Surveyor, this role involves providing all survey requirements for the underground and surface operations whilst ensuring adherence to all statutory requirements and Company Safety, Health and Environment standards and procedures.

Duties and responsibilities include:
- Establish & maintain all underground / surface survey control
- Establish and maintain direction and grade control for development headings
- Production ring mark-ups & cavity monitoring surveys (CMS)
- Prism monitoring
- Exploration drill hole mark-ups and pick-ups
- Surveying all vertical development (vent rises / escape ways)

Applicants will:
- Possess a strong commitment to safe work practices
- Have appropriate tertiary surveying qualifications
- Display high levels of analysis / problem solving skills and the ability to work unsupervised
- Have effective communication skills and be able to work well within a team environment
- Preferably have exposure to Surpac and Leica instruments
- Be computer literate
- Possess strong planning and organisational skills

This residential position will be based on a 5 days on, 2 days off (Mon-Fri) roster.

The position offers a unique opportunity to be an integral part of a Technical Services team at a site that consistently achieves organisational targets. Working under the guidance of the Senior Surveyor, this is an opportunity to further your experience and development as a Mine Surveyor.

A competitive salary will be offered commensurate with the successful applicants’ qualifications, knowledge and experience. If required, relocation assistance will be provided. For more company information please view our website at www.northgateminerals.com.
