Research Student Support Fund

Operating Rules

1. The cumulative funds allocated at any meeting shall not exceed the funds available at that point in the financial year.

2. The funds shall be allocated according to the following priorities:
   a. Enabling data collection
   b. Enabling data analysis
   c. Conference attendance
   d. Editing

3. Following consideration, the Research Development Unit may contribute 50% of the total costs of enabling data collection, data analysis or conference attendance or $2000 whichever is the lesser of these.

4. The maximum amount allocated for editing shall be $500 for students whose first language is not English and $250 for any student whose first language is English.

5. Each student may apply for funding at any time between confirmation of candidature and final submission of the thesis. The maximum amount allocated shall be $2000 per candidature.
