

南京航空航天大学

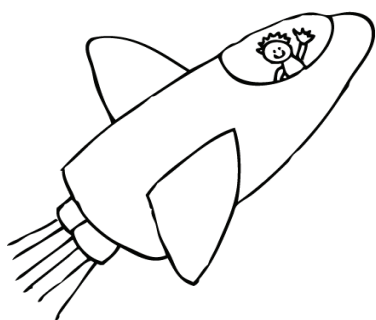

Nanjing University of Aeronautics and Astronautics

Study at a top class university, discover Chinese culture and language, get exposure to industrial projects and improve your resume all while adding to your RMIT degree!

Exchange to Nanjing University of Aeronautics and Astronautics, China as part of the Young Australian Ambassadors Delegation 2017

Eligibility

- * Full time second year students of the Aerospace Engineering program
- * Single and double degree students
- * Minimum GPA of 2.0. Student selection based on academic merit

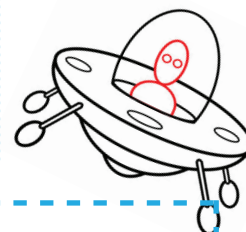

How To Apply

1. Attend an information session.
2. Access the online application system, Mobi, and create a new profile.
3. Complete all sections on the application. This will include:

- Signed and completed study plan
- Copy of your current passport
- Unofficial transcript (via myRMIT)
- Academic Referee

Details of Exchange

- * one semester, from early September 2017 to mid January 2018
- * gain credits towards your degree for courses studied at NUAA
- * courses are taught in English and you will have free access to labs
- * you will remain enrolled at RMIT, paying your RMIT fees

Financial Support

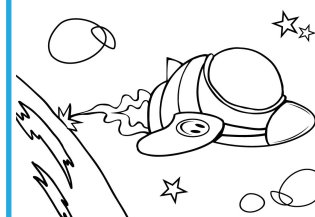

- * **10 x \$7,000** scholarship available to Australian citizens. You will be assessed by RMIT Global Mobility. No separate scholarship application form is required.
- * **3 x \$3,000** Global Mobility Grants available.
- * Other funding such as OS-HELP may be available. Check out our website to see if you are eligible and apply as instructed.

Costs

You will be responsible for your airfare, visa application, living costs in Nanjing and any side trip expenses.

You should budget a total of around **AU\$4,000 to AU\$5,000;**

- > Return airfare to China AU\$1,500 - AU\$2,000
- > Food is very cheap
- > Accommodation is about AU\$5/day on campus and \$15/day in guest hotel

Study Plan

As there is a set curriculum for your exchange to NUAA, to correctly fill out your study plan;

- > under Host institution courses, list the courses as per Table 1
- > under RMIT University courses, list the courses as per Table 3
- > complete and sign the student section

Note: You must take an equivalent of a Chinese language course, which will count as an RMIT elective.

Table 1 The subjects you would be studying at NUAA are:			
Course Number	Course Name	Credits	Contact Hours
0105001	Elementary Chinese	18	96
OR 1900104W	Basic Chinese Listening	9	-
1900105W	Basic Chinese Speaking	9	-
0120202	Aerodynamics	12	64
0105003	Experimental Aerodynamics	6	32
0105004	Project: Design of Aircraft	7.5	40
0105005	Course: Design of Aircraft	12	64
0105006	Optimization Design of Structures	7.5	40

Table 2 In Semester 2, if your application is successful, you would be enrolling in the below exchange course codes that belong to your school. Upon passing all your courses at NUAA, your grade against each exchange course code will be EPG.			
RMIT Course Code	RMIT Course Name	Credits	Class No.
EXTL 1155	Outb Exch Aero Mec&Manu Eng 1	12	TBC
EXTL 1157	Outb Exch Aero Mec&Manu Eng 2	12	TBC
EXTL 1159	Outb Exch Aero Mec&Manu Eng 3	12	TBC
EXTL 1161	Outb Exch Aero Mec&Manu Eng 4	12	TBC

Table 3 The courses that you would receive credit transfer for, provided you pass all your courses at NUAA, are listed below.		
In Semester 2, you should NOT be enrolling into these program course codes as you would be enrolling into the school exchange course codes listed in Table 2. These courses listed below will not appear on your RMIT academic transcript.		
RMIT Course Code	RMIT Course Name	Credits
AERO2252	Design for Manufacture and Assembly	12
AERO2356	Aerodynamics and Flight Mechanics	12
	Student Elective	12
	Student Elective	12
