Dear Professor Gardner

Please accept my personal thanks for the generous donation of $27,450 from RMIT University to the Premier's Flood Relief Appeal.

All of the money raised by the appeal will be used to assist the people who have been affected by the widespread flooding in Queensland. Many communities have been devastated. Some families have lost everything.

It is clear that it will take much hard work and time to restore the affected communities. However, the recovery process will happen all the faster because of the generosity of community-minded organisations such as yours. The Queensland Government appreciates your willingness to assist Queenslanders in this time of need and thanks you for giving back to the community.

The Queensland Government is committed to helping the affected communities on the road to recovery and will continue to work in partnership with the Australian Government, local councils, Australian Red Cross and other non-government organisations and volunteers to support people through this difficult time.

Thank you again for your donation and for making a difference.

Yours sincerely
