College/School declaration of support (Program Manager)

I approve this student's study plan for...

Semester Exchange Semester Study Abroad All Other Mobility Programs

...and confirm that the courses chosen at the host institution will fit within the student's RMIT program structure.

I have advised the student of:

- The requirement for the student to obtain a full-time load equivalency (Exchange Only)
- The feasibility of the student to use electives versus equivalent core courses
- The process required to obtain new approvals upon arriving at the host (in the event that their approved courses are no longer available)
