What will happen next? Will I be granted a hearing of the University Appeals Committee?
In lodging an appeal you are requesting a hearing of the University Appeals Committee to consider your appeal against the outcome of a thesis/project examination by a student in a research program.

Following receipt of a complete appeal submission, the Academic Registrar (or nominee) will, within 20 working days, decide whether your application satisfies the ground of appeal; whether you have clearly identified the University regulation, policy or procedures that have been breached; and whether you have provided evidence of how the breach has had a meaningful impact on the outcome of the examination.

Where the eligibility criteria have been deemed:
(a) to have been met, a hearing of the University Appeals Committee will be arranged and you will be notified of the date and time accordingly
(b) not to have been met, your request for a hearing will be denied and we will advise you accordingly. This communication will explain the reasons for the determination and also advise you of your right to seek an external review of the decision.

Communication
Your RMIT student email account will be used for correspondence related to your appeal.
