Register of Refereed Journals

This list contains the names of journals that have been assessed by DEST as satisfying the refereeing requirements for the Higher Education Research Data Collection (HERDC).

Listing does not indicate that DEST endorses the quality or content of a journal. This Register is not intended as a comprehensive listing of all quality, refereed journals.

Note that inclusion on this list does not automatically allow all articles in such journals to be counted in the collection. Inclusion only indicates that *refereeing* requirements have been met. Other requirements for articles, as set out in the HERDC specifications, must also be met.

Articles published in journals not listed on this Register may still be eligible for counting in the HERDC if they meet the relevant requirements set out in the specifications.

Journals are listed alphabetically by name, disregarding 'The', 'Journal of', 'The Journal of', 'Journal for' or 'The Journal for', 'International Journal of', 'International Journal for'.

This listing is current at: 3 February 2006
