2-digit Field of Research areas to be evaluated

**Requirement:** a minimum of 50 ranked journals that are also indexed in the Scopus citation database

- 01 Mathematical Sciences
- 02 Physical Sciences
- 03 Chemical Sciences
- 06 Biological Sciences
- 08 Information and Computing Sciences
- 09 Engineering
- 11 Medical and Health Sciences†
- 17 Psychology and Cognitive Sciences

† This area will be evaluated in two different ERA Clusters:
  - Public and Allied Health (PAH)
  - Biological and Clinical Health Sciences (BCH)

**Requirement:** a minimum of 30 research outputs

(a special weighting applies to books for the measurement of volume only: 1 book = 5 outputs)

- 12 Built Environment and Design‡
- 13 Education
- 14 Economics
- 15 Commerce, Management, Tourism and Services
- 16 Studies In Human Society
- 18 Law and Legal Studies
- 19 Studies In Creative Arts and Writing
- 20 Language, Communication and Culture

‡ This area will be evaluated in two different ERA Clusters:
  - Humanities and Creative Arts (HCA)
  - Engineering and Environmental Sciences (EE)
