Advertising Careers Day – LAST CHANCE TO REGISTER!

There’s a lot more to advertising than the fleeting 30 seconds we see on our TV screens. The RMIT Advertising Careers Day gives prospective students the chance to see the ‘big picture’, presented by current advertising professionals. It also provides information on RMIT’s program and graduate opportunities.

RMIT’s Advanced Diploma in Advertising has an enviable record in educating, training and placing graduates within a fiercely competitive industry, where few advertising organisations in Melbourne don’t have one or more RMIT graduates on their staff.

Learn more about a career in advertising by registering now.

Date:  Saturday 25 August 2007
Time:  10.00am – 3.15pm
Location: Room 16, Level 9, Building 108, 239 Bourke Street, Melbourne
Cost: $55, includes light lunch

Further information, contact Jenny Tserkezidis

Public Relations Careers Day - LAST CHANCE TO REGISTER!

Career Advisers have one of the most challenging jobs in education; advising students on the right course for their chosen career path.

Surprisingly, a number of students believe that Public Relations is about organising rock concerts and fashion shows. But if you ask a Public Relations practitioner the most valuable skill an employer is looking for, it is the ability to write.

Come along to the RMIT Public Relations Careers Day for an insight into the Advanced Diploma of Public Relations program and industry. We can also help you by participating in school visits to discuss the RMIT Public Relations program (TAFE).

Have the winning FSAE team visit your school!

RMIT’s little red racing car has done it again, beating 100 teams from universities around the world, and winning the FISITA World Championship (international student design contest) in the UK.

The team includes students from Automotive, Mechanical and Electrical Engineering.

RMIT Formula SAE is offering a limited number of schools across Victoria the opportunity for the winning team and car to visit their school in October and November 2007. This is open to Years 9 to 11 students. Please register your interest before 16 August.

The selected schools will also receive an exclusive invitation to:
• the Australasian FSAE Event held at Werribee in December, and
• the launch of the new RMIT Racing car currently being designed.

Students can get the ‘language’ advantage!

A second language can be a real career advantage for students. Each year over 1,600 tertiary students from RMIT and other universities undertake languages as electives or sub majors. Even students studying at other institutions can undertake RMIT language courses as part of their studies.

RMIT offers seven different languages:
• Chinese,
• Japanese,
• Spanish,
• Greek,
• French*,
• German*,
• Italian*.

* Advanced level study of these languages may not be offered at RMIT but can be taken at other universities where available.

RMIT Higher Education language electives are also offered as a single course to non-tertiary students.

Program Information

Associate Degrees available in 2008!

RMIT is bringing innovative Associate Degrees to Australians from 2008:

- Design (Furniture)
- Engineering Technology (Design and Development)
- Engineering Technology (Electrical/Electronics)
- Engineering Technology (Advanced Manufacturing)
- Engineering Technology (Systems and Logistics)
- Engineering Technology (Network Engineering)
- Information Technology (System Administration)

Recognition of prior learning and pathways to uni study make Associate Degrees a smart choice for the career-savvy worker and school leaver.

This new broad-based qualification provides pathways into RMIT degrees and employment in just two years. New Federal Government funding for Associate Degrees aims to give students more choice.

Spotlight on Business Administration

Did you know that there are approximately 35,000 executive assistants employed in Victoria?* The Diploma of Business Administration equips students to understand the duties and responsibilities of an office administrator. These include minute taking, preparing and coordinating business travel, arranging conferences, project administration, diary management, maintaining financial records and much more.

The course runs for 18 months and includes a student rotation in the Practice Firm across the five departments of Finance, Administration, Sales and Marketing, Records and Trading and Human Resources.

Scholarships & Equity

Scholarship applications available through SEAS

RMIT offers a range of scholarships to students based on financial need, and now is the time to begin preparing year 12 students to apply for 2008.

In 2007 students will need to make their Scholarship applications at the same time as they apply for a university place, using VTAC SEAS. Students need to complete the Scholarships category in SEAS (as well as all other relevant categories) to be considered for RMIT Scholarships. All students should be encouraged to apply.

Year 12 students should also be thinking about how they will finance their studies when they go to university. The website ‘Education – What are the Costs?’ provides a helpful overview of costs involved and tips on managing money [www.rmit.edu.au/students/scholarships/finance/expenses](http://www.rmit.edu.au/students/scholarships/finance/expenses).
