PROGRAMS AND FEES
FOR INTERNATIONAL STUDENTS

Melbourne, Australia

PROGRAMS AND FEES

WELCOME TO RMIT UNIVERSITY

RMIT University offers a wide range of study levels to suit the needs of all students. Study levels and options include:

- » English language programs
- » Pre-university programs (Foundation Studies and VCE)
- » Certificates
- » Diplomas
- » Advanced diplomas
- » Associate degrees
- » Bachelor degrees
- » Double degrees
- » Bachelor degrees with Honours
- » Graduate certificates
- » Graduate diplomas
- » Masters by coursework, research or project
- » Doctors of Philosophy

English language programs

RMIT English Worldwide (REW) is located in the central business district of Melbourne at RMIT's City campus. REW offers English for Academic Purposes (EAP) programs for students who need to meet the English language requirements of their selected program. The EAP program is taught across three levels – Upper-Intermediate, Advanced 1 and Advanced Plus.

The successful completion of the appropriate EAP programs provides direct entry into academic programs at RMIT University. www.rmitenglishworldwide.com

RMIT International College

RMIT International College offers international students a full range of foundation studies programs and support services. Students who successfully complete foundation studies programs and gain the required results are guaranteed places into a number of degree, diploma and associate degree programs at RMIT University.

Pre-university programs

Secondary studies

The Victorian Certificate of Education (VCE) is the Victorian Government secondary school certificate and is recognised as a university entry qualification.

RMIT offers programs at Year 11 (Units 1 and 2) and Year 12 (Units 3 and 4). Programs take from 20 weeks to two years to complete.

Foundation Studies

The RMIT Foundation Studies program is an accredited program offered to international students to prepare them for entry into diploma and degree programs at higher education institutions.

RMIT has five available specialist streams. The program takes from seven to 10 months to complete and there are five intakes available each year.

www.rmit.edu.au/internationalcollege

Check the RMIT website

Please check our web site for the most up-to-date version of RMIT programs and fees for international students, and for further information about the fee structure for your program.

www.international.rmit.edu.au/info/programfees.asp

TAFE programs

RMIT TAFE offers many benefits:

- » practical skills for employment, not just theoretical knowledge
- » quality education in a university environment
- » lower program fees than a degree program
- » lower entrance requirements than a degree program
- » an excellent pathway for gaining credit towards university degrees

Some programs give up to two years credit towards an RMIT bachelor degree. Programs are available at certificate, diploma and advanced diploma levels, and take from six months to three years to complete.

Associate degree programs

An associate degree is a two year qualification that can be undertaken after Year 12. It provides an excellent grounding in a subject area, and students who attain the entry requirements will be granted entry into a related bachelor degree, with the appropriate credit.

Bachelor degree programs

RMIT bachelor degree programs emphasise both theory and practical education for employment.

Many programs offer a component of industry-based, work placement (co-operative education) designed to give students experience in the workplace.

RMIT graduates are highly valued by Australian and international employers for their practical and relevant skills as well as up-to-date theory delivered by top academics.

RMIT offers bachelor degrees of three to five years' duration and double degrees (two degrees combined).

Postgraduate programs

RMIT Postgraduate Degrees are designed for current professionals.

The programs are tailored to meet the demands of today's global business environment through research and coursework based on real local and international issues.

Expert teachers, passionate researchers and strong links to industry means RMIT postgraduates are among some of the most employable.

Research programs

RMIT University undertakes world-class, innovative research that supports economic and social development at a national and international level. RMIT has four research institutes, six research centres and nine industry, government and university partner centres (known as Cooperative Research Centres (CRCs)). RMIT's research graduates are internationally recognised and leaders in their fields.

Research programs are available at the levels of masters by research, project, thesis and doctorate (PhD) programs. A masters by research can be completed in two years and a PhD in three to four years.

Coursework programs

Programs are available at the levels of graduate certificate, graduate diploma and masters by coursework, and take from six months to two years to complete.

Study Abroad program

The RMIT Study Abroad program offers students an opportunity to live and study in Australia, for one or two semesters, while earning credit towards a qualification at their home institution. Students can choose from a range of courses offered at RMIT.

Campuses/sites

C—City, B—Bundoora, BR—Brunswick, P—Point Cook

Important fees information

The following program and fees information applies to students commencing programs between 1 January 2012 and 31 December 2012.

- » All fees are quoted in Australian dollars (AU\$) and apply to RMIT University's Australian campuses only.
- » Fees are based upon standard load and normal progression. Pro rata fees apply to non-standard loads undertaken.
- » Fees are invoiced on a semester basis and on enrolled load, therefore fees charged may be more or less than fee shown.
- » Fees are held constant for the 2012 calendar year only and RMIT may increase the fees by an amount that will not exceed 7.5% each year (subject to rounding). For Higher Education fees, tuition fees are rounded up to the nearest AU\$10.00 per credit point increment, and so the actual fee increase may exceed 7.5%. Similarly, for VET/TAFE students the program annual fees are rounded to the nearest AU\$250, and so the actual fee increase may exceed 7.5%.
- » Fee increases are applied at the beginning of each calendar year, therefore commencing midyear students will find that the total cost of their program will be slightly higher than if they had commenced in February.

Notes

- 5 July entry may be available only to students who are granted subject exemptions or advanced entry on the basis of previous study.
- 11 This program includes a professional practice work placement.
- 12 This program is accelerated. It requires additional hours of study and extended semester dates over the standard program.
- 20 This program incurs additional costs.
- 22 Please note that part of this program will be taught at Bundoora campus.
- 25 Please note that the fee advertised is for the actual program duration advertised.
- 29 Some laboratory sessions may be conducted on the Bundoora East Campus.
- 32 This program includes one year co operative education in third year. Fees for this year are calculated at 25% of the program's annual fee.
- 35 This program has a pre-requisite BP187 *Bachelor of Health Science (Chiropractic)*.
- 36 This is an accelerated program. Students are required to complete one summer semester (comprising 48 credit points) during their degree.
- 43 February entry may be available only to students who are granted subject exemptions or advanced entry on the basis of previous study.
- 44 Please note that part of this program will be taught at City campus.
- 47 This program is accelerated. It is taught in three semesters (13 weeks each) over 12 months.
- 48 July intake is only available to applicants whom can provide evidence of Microbiological studies in their bachelor degree. A syllabus or copies of exam papers must be supplied with their application.
- 51 This program has a pre-requisite BP238 *Bachelor of Applied Science (Complementary Medicine)—Osteopathic stream*.
- 57 The fee shown is a standard fee regardless if enrolment is 36 or 48 credit points for the semester.
- 61 This program includes a Work Integrated Learning (WIL) component in the third year of the program which can be fulfilled through three options:
 - » Option A: one year work placement (paid employment of at least 34 weeks duration). This is commonly referred to as the co-op year. The fees for this option are set at 25% of the yearly tuition fee;
 - » Option B: Professional Skills Program (PSP) followed by a paid or voluntary work placement (a minimum of 12 weeks duration). The fees for this option are set at 37.5% of the yearly tuition fee;
 - » Option C: Professional Skills Program (PSP) followed by successful completion of four courses chosen from a list of approved WIL courses. The fees for this option are set at 75% of the yearly tuition fee.
- 66 Students are eligible to apply for early exit with C4251 *Certificate IV in Interior Decoration* qualification if they have successfully completed the first year of the C5249 *Diploma of Interior Design and Decoration* program.
- 68 July intake is available for international students who are currently onshore enrolled in a secondary school or private RTO who wishes to transfer to RMIT to study VCE Year 12.
- 70 This version of Media program is meant for year one commencement for July entry. The program structure is accelerated. It consist of six semesters over 2.5 calendar years by undertaking four first year courses in intensive mode over Spring (Nov/Dec) and (Jan/Feb) Summer semesters.
- 71 This program is only offered as an advanced standing entry for International students from GD071 *Graduate Diploma in Graphics Design*.
- 73 Working With Children Check required prior to commencing program.
- 74 English Language Programs are offered by RMIT English Worldwide (REW) (CRICOS Provider Code 01912G). The enrolment fee is AU\$230.
- 76 A compulsory work experience component is the equivalent of three weeks of full-time work. This can be taken at midyear or at the end of the year. Students with appropriate experience may seek an exemption from this placement.
- 77 The clinical component of this program starts earlier than other RMIT programs. Students must be enrolled and attending by the date stated in the offer letter.
