## College/School declaration of support

I approve the Study Plan and confirm that the courses chosen at the host institution will fit within the student's RMIT program structure.

I have advised the student of:

- The requirement for the student to obtain a full-time load equivalency (Exchange Only)
- The feasibility of the student to use electives versus equivalent core courses
- The process required to obtain new approvals upon arriving at the host (in the event that their approved courses are no longer available)
