WELCOME TO HIGHER DEGREE RESEARCH
Why God did not get a PHD?

He had only one major publication
It had no references
It wasn't published in a peer-reviewed journal
The scientific community has had a hard time replicating his results
He never applied to the ethics board for permission to use human subjects.
When one experiment went awry he tried to cover it by drowning his subjects
When subjects didn’t behave as predicted, he deleted them from the sample
His office hours were infrequent and usually held on a mountaintop

Why He doesn’t give a damn about a PhD

He’s the boss.
