## Social Entrepreneurship and Enterprise: Concepts in Context

*Social Entrepreneurship and Enterprise: Concepts in Context* contributes important pieces to the social entrepreneurship and enterprise puzzle: What is it? Where is it? How can we harness it so that it does the most good in addressing the problems of humanity?

The emerging field of social entrepreneurship and enterprise has come far in the past two decades. The diversity of issues studied, the methodologies used and the number of scholars engaged in the field have expanded dramatically.

*Social Entrepreneurship and Enterprise: Concepts in Context* brings together a collection of papers that advance the theory discussion, examining social entrepreneurship and enterprise in Australia, New Zealand and a number of other countries.
