

Degree statistics

- The following statistics represent offers made in the first VTAC offer round. Subsequent offers may have been made in later rounds, however, the majority of offers were made in round one.
- Applicant numbers refer to all preferences.
- Where a program is offered both full-time and part-time and only one set of figures is shown, this means that it is a combined full-time and part-time total.
- RC = Range of selection criteria applies. These programs make selection on multiple criteria, e.g. test, submission of a portfolio, supplementary information form etc. (refer to VTAC – www.vtac.edu.au).
- N/A = VTAC does not publish clearly-in ENTERs for programs that make less than ten Year 12 offers or have a clearly-in ENTER lower than 30.
- – indicates that no data is published for this program.
