THE INTERNATIONAL CENTRE OF GRAPHIC TECHNOLOGY

The International Centre of Graphic Technology (ICGT) is a Victorian Registered Specialist Centre and primary provider of formal training in graphic technologies which continues to be the benchmark nationally and regionally. From graphic design through to print finishing, this is the place to learn it all. It educates and trains high-quality practitioners in the latest technologies and methodologies for all sectors of the industry.

The ICGT, which sits within the School of Design TAFE, enjoys a reputation as Australia’s most respected provider of structured graphic technology training. During recent years ICGT has invested significantly with new equipment including HP Indigos, pre-press CTP, a Photography Studio, Finishing and Manufacturing facilities.

THE SCHOOL OF FASHION AND TEXTILES

RMIT’s School of Fashion and Textiles is a major provider of education and training for the Textiles Clothing and Footwear industry, both in Australia and internationally.

The School’s programs incorporate all stages of the supply chain, including fibre production, textile technology, textile and fashion design, garment production, merchandising, dry cleaning, marketing and retailing.

The School is one of Australia’s leading fashion and textile education providers. It offers vocational programs for apprentices and trainees, along with a wide range of TAFE Certificate and Diploma programs. Undergraduate and postgraduate degree programs are available, including at PhD level. Short courses and industry training are also provided.

The School of Fashion and Textiles maintains strong national and international industry links. These networks provide our students with opportunities to enhance their educational experience and to expand their employment prospects.
