### Mid year intake now available!

RMIT’s midyear entry is an opportunity to apply directly to RMIT for a place commencing in Semester 2.

Limited places are on offer for students who missed out in semester 1.

A full list of programs is available at [www.rmit.edu.au/midyear](http://www.rmit.edu.au/midyear)

For information on applying cont RMIT Info Corner on 03 9925 2260 or study@rmit.edu.au
Science workshops for teachers and students

Science teachers and year 9 - 12 students are invited to learn more about the technologies used in chemistry, physics and life sciences.

Workshops will take place at the City and Bundoora campuses in the areas of:

- Imaging and electron microscopy
- Biology
- Biotechnology
- Forensic science

Workshop times range from two to four hours. Multiple visits can be arranged.

Understanding Poverty workshop at RMIT Hamilton

Teachers, administrators and support personnel are invited to attend a workshop in Hamilton based on Dr Ruby Payne’s Framework for Understanding Poverty.

The workshop aims to assist attendees working with students experiencing poverty and socio-economic disadvantage.

Event: Understanding Poverty workshop  
Date: Friday 22 May 2009  
Time: 9.30 am - 4.30 pm  
Cost: $85

Learn more about the printing world

Discover the fascinating world of printing and graphic arts at PacPrint 09. Held once every four years, the five day expo will host over 300 suppliers showing their latest products, technologies and services.

RMIT’s School of Design (TAFE) and the International Centre of Graphic Technology will be available to speak with students at stand S36 and provide guided tours of the expo.

Event: Pac Print 09  
Location: Melbourne Convention Centre  
Date: 26 - 30 May 2009  
Time: 10 am - 6 pm Tuesday to Friday  
10 am - 4 pm Saturday  
Cost: Free

To attend PacPrint you must register via www.pacprint.com.au and enter the online registration code PPR159.

To arrange a tour contact:  
Pauline Coward  
Tel. 03 9925 9409

Come and try a trade at Broadmeadows Town Hall

The Career Connections team at RMIT in conjunction with Kangan Batman TAFE and Banyule Nillumbik LLEN are inviting you and your students to try a trade.

This hands on event aims to broaden secondary students awareness of trade industries.

RMIT activities include printing and airbrushing, aerospace activities and cabling electronics. Other activities include coffee-making, hair and beauty, lock smithing, first aid, bricklaying, plumbing, fashion plus many more.

Date:    Thursday 21 May
Location: Broadmeadows Town hall
Cost:    Free but numbers are limited

Mechatronics day

Visit Bundoora campus east to experience cutting edge mechatronics technology.

Year 11 and 12 students can participate in the following activities:

- Temperature control experiments
- Robotino wireless programs
- Mitsubishi Robot pick and place
- SAGE Industry demonstration of Targeted Technology Introduction Modules

Date:    Friday 25 September 2009
Time:    10 am - 3 pm
Cost:    Free (lunch provided)

Introduce your students to youth work as a career

The Close to Home...or less board game is an educational resource that introduces students to youth work. It aims to educate students about surviving as a young person on limited income.

By playing the game, students explore:

- what life might be like for young people on youth allowance
- the implications of poverty for young people’s health and human development
- what the role of a youth worker can involve
- the ways in which youth work can assist young people on low incomes

The resource was produced by Bachelor of Social Science (Youth Work) students Steph Hutson and Jess Miller.

To order your free copy email michael.emslie@rmit.edu.au with your name and mail delivery details.

Discuss science, sustainability and careers – all before breakfast

RMIT University invites you and two senior students interested in science and engineering to an interactive careers breakfast.

Discuss sustainability, the environment and how scientists and engineers are working to improve our future, as part of National Science Week 2009.

Hosted by ABC’s Bernie Hobbs (New Inventors, ABC Science).

Guest speakers include Darren Pace (Shell Australia), Clare Grandison (RMIT Vietnam project), and a representative from the sustainability industry.

**Date:** Thursday 20 August 2009  
**Time:** 7 am registration  
7.30 am - 9 am - seminar including sit down breakfast  
**Location:** RMIT Storey Hall, 336 Swanston Street, Melbourne

Register by Tuesday 30 June 2009

Library and Information industry careers evening

Do you know students interested in a career in information management, content management, electronic publishing support, knowledge management or libraries?

They are invited to attend the Library and Information industry careers evening to hear from young people who have recently entered the industry.

Education providers will be available to answer questions and provide information on courses.

**Date:** Tuesday 26 May  
**Time:** 5.30 pm - 7 pm  
**Location:** Experimedia, State Library of Victoria, 328 Swanston Street, Melbourne

**Contact**  
Dr Bonna Jones  
Tel. 03 9925 5791

Sustainable energy day

In celebration of World Environment Day, RMIT University invites you to explore RMIT’s own Sustainable Energy Park.

Meet with RMIT staff and students to gain information on programs incorporating sustainable engineering.

Learn more about current research, education and careers in sustainable engineering and how it is:

- developing sustainable energy technologies
- solving water supply problems through solar desalination
- designing green cars that use solar electricity and hydrogen

The Sustainable Energy day will allow you to experience new technologies and explore the sustainable solutions developed by RMIT staff and students—including RMIT’s Formula Hydrogen racing car and Formula SAE electric racing car.

Explore the park with a guided tour and talk.

Date: Saturday 6 June 2009
Time: 10 am - 1 pm
Location: Bundoora campus east

Behind the scenes Medical Science tours - July school holidays

Ever wondered what happens after you have a blood test or other medical tests? Where does your blood go, how is it examined and how a diagnosis is made?

The team at RMIT Laboratory Medicine together with medical diagnostic and research laboratories, are giving Year 10, 11 and 12 students the chance to go behind the scenes as a medical scientist.

Visits are to laboratories in major teaching hospitals in Melbourne and regional Victoria. Visits will run from Monday 6 to Friday 10 July.

New to RMIT - Certificate IV in Career Development

The Certificate IV in Career Development is designed to offer an entry level qualification to the career development industry.

During your study, you will be supported by highly accessible and responsive teaching staff. An individual learning and assessment plan will be tailored to your learning needs.

Your plan may include a mixture of online activities, completion of RPL and workplace learning projects. Studying part-time, most students will be able to complete the program in 6-8 months or less.

This program is ideally suited for those working in career information and transition services, including career advisers or for anyone wanting to qualify as an associate career development practitioner.

Mid Year Entry – Postgraduate Career Qualifications

Applications for RMIT postgraduate career programs are now being taken for:

- Graduate Certificate in Career Education and Development
- Graduate Diploma in Career Education and Development
- Master of Education

Courses are offered using self-paced learning materials that make balancing study, work and family commitments more manageable.

In most instances learning material and resources are provided on a CD. Lecturers are assigned to students providing feedback and assistance with curriculum fast and efficiently.

For information on applying, contact RMIT Info Corner on 03 9925 2260 or www.rmit.edu.au/midyear

School holiday folio preparation and career discovery courses

Folio preparation and career discovery courses at RMIT are more than just creating artwork.

Students will experience projects and exercises in a studio or workshop setting. Held in the school holidays, courses are designed for year 11 and 12 students providing an insight into a particular design area and its selection procedures.

Folio preparation courses teach new techniques that can help build a folio in self-directed projects or in school work.

Courses offered include:

- Advertising
- Building Design and Drawing
- Digital Media
- Graphic Design
- Interior Decoration
- Multimedia
- 3D Product Design
- Visual Merchandising

RMIT masters programs approved for income support

RMIT is pleased to announce that the following masters programs have been approved for income support through Centrelink.

<table>
<thead>
<tr>
<th>Program</th>
<th>Master of...</th>
</tr>
</thead>
<tbody>
<tr>
<td>Juris Doctor</td>
<td>Master of Professional Accounting</td>
</tr>
<tr>
<td>Master of Architecture</td>
<td>Master of Landscape Architecture</td>
</tr>
<tr>
<td>Master of Clinical Chiropractic</td>
<td>Master of Osteopathy</td>
</tr>
<tr>
<td>Master of Psychology</td>
<td>Master of Social Work</td>
</tr>
<tr>
<td>Master of Social Science (Environment and Planning)</td>
<td>Master of Business (Logistics Management)</td>
</tr>
</tbody>
</table>

This has been approved by the Minister for Education, Employment and Workplace Relations on application by RMIT University. This means that eligible students will be entitled to income support.
